ENTHUSIASTS COMPARE RECORDS OF TEAMS

Unbiased Football Critics Think Tarheels and W. & L. are Very Evenly Matched.

Supporters of the University of North Carolina football team are claiming that the result of the showing of that team against the strong Virginia Polytechnic Institute team at Richmond yesterday, while the Washington & Lee eleven was being defeated by the North Carolina Agricultural and Mechanical team at Lexington by the score of 3 to 0, is an indication that

BROWN DECISIVELY DEFEATED BY YALE

NEW HAVEN, CONN., Nov. 6.—Yale defeated the Brown eleven at Yale field this afternoon 23 to 0. Only one touchdown, however, was made in the first half. Last year the teams played a tie game 10 to 10. The first half was a great punting contest between McKay and Coy, in which the Brown man outkicked the Yale fullback by 15 yards. Captain Coy played throughout the game, first at halfback and then at fullback. He barely missed a goal from the 35 yard line, and Hobbs, for the first time this season, failed to kick a goal. Logan, who replaced Vaughan at right end in the second half, was injured and had to be carried from the field. Naedels taking his place. Yale's score in the first half was made by Savage after a series of terrific line plunges, Hobbs kicking the goal. In the beginning of the second half a 45 yard run by Coy, followed by a number of line plunges, carried him over the Brown goal line. Philbin went in at halfback, and a succession of short gains by him and by Coy were responsible for the third touchdown. The final score was made after a 55 yard dash by Philbin, who dodged through a broken field in one of the greatest runs ever seen at Yale.

PENNSYLVANIA SAVED BY HER SUBSTITUTES

PHILADELPHIA, PA., Nov. 6.—Only the substitution of five new men late in the second half saved the University of Pennsylvania football club from defeat at the hands of La Fayette this afternoon. As it was the game resulted in a tie at 6 to 6. Neither team could score in the first half, but in the second period each side made a touchdown and kicked a goal. It was a kick blocked by Pennsylvania and the recovery of the ball by La Fayette inside Pennsylvania's 20 yard line that gave the visitors their opportunity to score. This touchdown stirred up the Pennsylvania eleven. Two new half backs and a fullback were rushed to the rescue. It was the magnificent running of Hutchinson, at full back who had been kept out of the game for three weeks with a bad leg, that made the 6 to 6 score possible. Throughout the game La Fayette had slightly the better of the contest until the last 15 minutes when the Pennsylvania substitutes went in.

MILITARY INSTITUTE SWAMPED BY 'VARSITY

(By Associated Press.)
CHARLOTTESVILLE, VA., Nov. 6.—Playing a much better game than when she defeated the Naval Academy a fortnight ago, Virginia today swamped the Virginia Military Institute 32 to 0. Four touchdowns were made in the first half, while in the second half with practically a scrub team, nine points were added, a goal from placement by Captain Yancey and a touchdown, which was converted into a goal.

The cadets made first down only twice during the contest and at no time was Virginia's roll line threatened. Stanton, the best footed Californian, was the star, frequently going around the cadets' ends for gains for his, forty or forty-five yards. Many of his runs, however, were made possible by the superb blocking of Elliott, left end. Todd, the subquarterback, used in the second half, displayed marked ability. In the four times he carried the ball he made gains aggregating 128 yards.

A. & M. WINS FROM W. L. ON GOAL FROM FIELD

LEXINGTON, VA., Nov. 6.—Washington and Lee University was defeated today by the Agricultural and Mechanical College of North Carolina, 3 to 0. The varsity team was somewhat crippled and the visitors scored only after the third attempt at a drop kick. The ball was in Washington and Lee's territory most of the first half, but in the second was kept in Tar Heel Territory a good portion of the time.

The game was full of snap and hard football. Several costly fumbles were charged to each side and punting was frequently used by both teams.

Goal from field was kicked by Hartell.

Referee, Moore, of Davidson. Umpire, Captain Doyle, of Virginia Military Institute. Halves, 25 minutes.

PLAY TO STANDSTILL ON ANNAPOLIS FIELD

(By Associated Press.)
ANNAPOLIS, MD., Nov. 6.—Navy and Washington & Jefferson this afternoon, played each other to a scoreless standstill, when during fifty minutes of actual play neither side could cross the others goal line.

Navy was the heavier and was further aided by Dalton's wonderful punting. Washington & Jefferson was exceptionally strong on defense when driven back of their own 25 yard line, but could not withstand Navy's more aggressive attack when out in the open.

Both teams were forced to do a great deal of punting to keep their lines safe. Navy twice got within striking distance and Dalton tried each time to kick a field goal.

V. P. I. BEATS CAROLINA IN FIERCELY FOUGHT GAME.

(By Associated Press.)
RICHMOND, VA., Nov. 6.—The University of North Carolina eleven was defeated by the Virginia Polytechnic Institute team in a fiercely fought game here today, the score being 15 to 0. The Tar Heels showed surprising strength.

One touchdown in the first half and a touchdown and field goal in the second, was the best that the Virginians could do against them.

The star players were Hodgson for the Techs, and Belden for the Carolinians.

Referee, Pat Barry, of Georgetown. Umpire, Donnelly, of Trinity. Attendance, 2,000.

Islands that Disappear and Reappear.
Looking at a map of North America, and turning one's eye upon Bering Sea, one will observe, stretching out from the Alaskan peninsula, a chain of islands, large and small, marked as the Aleutian group. There are three of these islands with which nature seems to be playing a game of marbles—or, better still, of thimble-rig. They are Castle Rock, a roughly-projecting formation with two jagged peaks, that probably appeared as early as 1773; Perry Island, which has made periodic appearances and disappearances for the past ten years; and the appropriately named Pine Islands, which first rose above the surface in 1883. All, needless to say, are volcanic.

Another island—McCulloch, so named because it was first "discovered" by the officers and crew of the United States revenue cutter McCulloch—has also engaged in some fantastic transformation scenes, and for

A Fat Woman Hates Society.

Fat people have to get into clothes that are designed for people of normal physique. The men wear dress suits and look like comic pictures. The women wear low necked dresses to their evident humiliation. This is why it is often said that a fat woman hates society. Fat is as much the mistake of poor health as anything else. The things that make fat should be making good blood, bone and nerves. The secret is that the digestive machinery is out of gear. The juices make fat in too large quantities. This fat impedes circulation, cramps the heart, suppresses the liver, crowds the lungs and interferes with the stomach. Marmola Tablets are harmless. They are taken after each meal. They help digest that meal as nature intended it should be digested. They remove the fat already made at the rate of from 12 to 15 ounces a day and they leave no flabby skin or wrinkles. They are sold wherever drugs are sold, or in the same category with harmful patent fat reducers. They contain Marmola, Cascara Aromatic and Peppermint water. If you do not care to call upon your druggist, send 75 cts. to The Marmola Company, Dept. 756, Detroit, Mich., and they will send you a large, full size case by return mail in plain package postage paid.

miles around the ocean soundings are quite unreliable. Where the cutters take a sounding of a mile in depth one day, the next may show the bottom to be only half a mile below the surface.

The center of the greatest activity seems to be in the little archipelago marked on the map as the Bogoslof group. This group is a little more than thirty miles from the Aleutian chain, and sixty miles west of Unalaska, or Dutch Harbor, as it is more commonly known.

McCulloch Peak, probably the latest and largest of the smoking islands, popped up within a day or two of the 4th of July, 1908. About that time the U. S. cruiser McCulloch first noticed the new-made land, and annexed it to the domains of the United States. The peak was then smoking and steaming like a volcano.

The officers of the McCulloch in the course of their investigations, landed in a small boat and clambered over the island, as far as was possible. The heat and steam, however, were so terrific that they could not get much farther inland than the shore-line.

The landing, of course, was distinctly hazardous, for none of the explorers knew at what minute this mysterious island might take a notion to drop back into the depths whence it came, leaving them struggling in the steaming swirling eddies. Or another new peak might be thrown up any minute just where their boat lay hove-to.

McCulloch Peak rose to a height of three hundred and ninety feet above the sea, with a base extending from seventeen hundred to three thousand feet in length at the water-line. It was apparently composed entirely of great boulders and some fresh-made earth.

Stranger even than the appearance of the island itself, perhaps, were the appalling changes in the bottom of the adjacent sea. A great submarine mountain was thrown up in one place, almost reaching to the surface of the ocean in spite of the fact that all around the sea is from one to two miles in depth. This Titanic upheaval snapped the Alaska cable like a tiny thread and threw the ends miles apart.

The crew of the whaler Herman, of San Francisco, were treated to another remarkable manifestation during September of last year. McCulloch Peak, only sixty days above the water, actually dropped back to the bottom of the ocean, while the men stood on the decks of their ship watching in speechless wonder. A short time afterwards soundings showed that there were two thousand feet of water above the top of the peak!—From "The Disappearing Islands" in the November Wide World Magazine.

CHANGE IN SCHEDULE.
Chesapeake and Ohio Railway.
Attention is called to important changes in C & O schedule, effective November 7th.

Fast trains will leave Newport News for Richmond and the West at 10:05 a. m. and 5:05 p. m., train leaving Newport News 8:45 p. m. for Richmond being discontinued. to the Tax Payers Of the City of Newport News.

State taxes and city levies for the year 1909 are due and payable. A penalty of Five Per Cent. will be added to all Taxes and Levies NOT PAID BEFORE DECEMBER 1st. J. M. CURTIS, City Treas. Nov. 4, 1909, City Hall, Newport News Virginia.

CAPTAIN IZARD. Quarterback of the Washington & Lee football team, which meets the University of North Carolina eleven here next Saturday.

The Tarheel Varsity will defeat the Lexington eleven when they come together in their annual match on the Casino gridiron next Saturday afternoon.

Impartial football followers of this city are, however, of the opinion that the two teams are pretty evenly matched and are expecting a good game.

As there is no game in Norfolk next Saturday and the local people in charge of the contest are advertising the game very extensively in Norfolk it is expected that quite a delegation from the city across the Roads will attend the game in this city. All arrangements for the game have been completed by the local committee.

Best Makes of Pistols

32 and 38 Calibre, S. & W. Cartridges, double action, break down, sold at \$6.00.

Monday \$5.00

ROSENBAUM HARDWARE CO.

610 Washington Ave. Both Phones.

Truthfulness

The traditional virtue of the father of our country. In no other class of merchant is truthfulness more to be desired than in your Jeweler.

In what ever we sell, be it Jewelry, Watches or Diamonds it is the rigid policy of this store, that the Quality of every article, be truthfully represented.

That is why a piece of Jewelry from this store is always appreciated.

J. J. Palmer's Sons
